

## **Sermon Application/Discussion Questions – 10/21/2018**

Sunday Message: Andrew Kalvelage

**Title:** God Keeps His People

**Main Point:** We don't keep God, but God keeps us.

### **Application Points:**

1. We don't keep our salvation.
2. We don't keep God's sovereignty.

### **Application Questions:**

1. Consider two truths: God planned to save us from eternity past *and* He also planned to keep us. Which of these truths is easier or harder for you believe, and why?
2. Challenging life experiences can sometimes influence us to doubt and raise questions about God's sovereignty. How has this message brought deeper encouragement and comfort from understanding God's plan to both save and keep you, and how has your faith been strengthened?
3. In your season of life and circumstances, what does it look like to let God's sovereignty work for you? How are you choosing to trust in God's keeping of you, especially when you don't have all the answers?
4. What questions do you have about God's sovereignty? What is one step that you can take towards working through your questions and growing more in your understanding of this key attribute of His character?
