

Sermon Application/Discussion Questions – 10/29/2017
Sunday Message: Warren - Colossians 3:1-15
Sanctified: In Christ Always

1. In what ways are you burdened to experience change in your life? Do you live with a discouraging sense of falling short, disappointed by your lack of change or progress? Do you ever struggle with this thought: “If I really love God, then why do I struggle so much to follow Him?” Do you sometimes question your faith and wonder if you’re really a Christian at all? Or, because of the hope of being in Christ, are you more aware and encouraged by God’s progressive work in you, and as a result of that reality, more motivated to pursue change?
2. What worldly places or categories does your mind tend to drift towards in relation to how you view and understand your identity? What things compete with you embracing your true identity in Jesus Christ? What do you do to help keep your thoughts focused on what is true about who you are because of your union with Christ?
3. Because of our union with Christ, Christians have a strong, common hope that gives us a foundation for maintaining loving unity with one another. How has this message inspired you to pursue and maintain harmony with others?
