Sunday Message: Daniel 1:1-21 – Bill Patton
Sure Things: Life's Bewildering Turns

1. When life takes a sudden, bewildering turn, Satan works to distract us in ways that tempt us to forget who we are in Christ. We can then drift from God and our closest friends and leaders and lose sight of God's goodness and redemptive work in and through our lives. When life goes wrong, in what ways do you become distracted?
2. What parts of this message encouraged and helped you to respond in godly ways and to remain faithful and fruitful when you are going through unexpected trials?
3. When we remain faithful to God, seeking to obey and glorify him by focusing on his primary agenda, we can be confident that God will advance his purposes through us. Share about a time that this promise was proven true for you.
