

Sermon Application/Discussion Questions – 2/11/2018
Sunday Message: Andrew Kalvelage – 2 Corinthians 1:12-2:4
God's Power in Our Weakness: Something Sure

1. How did the message on 2 Corinthians 1:12-2:4 speak to you? What was encouraging? What was convicting?
2. In relationships, there will be times when we will either receive or participate in premature, uncharitable judgments and conclusions. During these times, it's important to press in and work things out, not check out. How could this message help you remain faithful to not give up in your work to reconcile severed or strained relationships?
3. How are you trusting God with people who are either blind to the truth or slow to understand or see their fault? If you've been hurt by the uncharitable handling of things by others, how does the hope that we have in the gospel bring comfort and enable you to move forward with hope in God's sovereign plan and the justice of his final judgment?
