**Sure Things: Our Greatest Need Fulfilled – Mark 2:1-12**

1. When it doesn't seem like God is regarding what we would consider to be our greatest problems, we can be tempted to question his goodness and love towards us. How does this thought resonate with you: "Your greatest problem is spiritual and God has met that greatest need on the cross"? Apart from what Christ has done, what do you perceive or feel to be your most pressing physical, emotional or material needs right now?
2. What persuades you of God's love for you? What does God do for you that makes his love evident to you?
3. In this story, Jesus displayed his divine authority by healing the paralytic. In what practical ways have you experienced the authority of Christ in your life? How have you seen God heal, or provide for, or answer prayer in ways that make his power over your circumstances clear?
